# IMMERSE INTO THE WORLD OF SURFACE TREATMENT

---

Various types of surface treatments are available including stone washing, matte finishing, and PVD coating on all of the cutlery products. Don Bellini guarantees a fitting solution for almost anyone who wants to make a unique setting that stands out from the crowd.

In addition, combining different finishing techniques accentuates details and adds character to each piece.

## STONE WASHING

---

The stone washing technique gives the pieces of cutlery an antique look. Each piece of cutlery will be unique after going through mechanical stone-washing treatment. The style goes hand in hand with Don Bellini's rustic porcelain collections such as De Terra, Night & Day, and Craftstone.

## MATTE FINISHING

---

Add a contemporary touch to classic cutlery items by turning them into a matte finish. Every piece is beautifully curved.

# PVD COLOUR COATING

## VIBRANT AND ECO-FRIENDLY

---

Our vivid colourful coating finish gives a unique accent for a phenomenal table setting. The stylish PVD variants are available in gold, copper, blue, rainbow, charcoal and dark black.

The PVD coatings are completely **non-toxic** and **non-allergic**, which make it suitable for use in the food sector.
